

ART 6 – Mrs. Smith

Welcome to Art 6! In order to have a pleasant and productive class, certain procedures must be followed. We all do better work if we know what is expected of us.

COURSE DESCRIPTION

Art 6 is a general broad based, art course. It is intended to involve all students at their own level in a “hands on” studio situation. Students will work in a variety of art mediums, both two and three-dimensional. Art media and content covered in Art 6 are listed below.

- Drawing – pencil, pen & ink, oil pastel, & chalk pastel
- Painting – watercolor, tempera
- Design – collage or mixed media
- Ceramics – time permitting
- Printmaking
- Portraiture
- Single point perspective
- Elements and principles of design
- Basic color theory

Many lessons will incorporate Art history through the study of Artists, Art Styles or the Art of Other Cultures. Art Criticism and the development of an Art Vocabulary are introduced at a basic level in Art 6.
